- **BACKGROUND NOTE**

The Law should establish and promote rules of ethics and spirit of sportsmanship among competitors and the bodies involved in decision making. Ethical solution to legal issues in sports is the core idea behind the vision. This will enhance the morale of the players by improving contractual dynamics among them and the administrative bodies. Contracts must clarify expectations and commitments from the players and agents. Consultancy services must be provided to the sports bodies and players. Co-ordination of the legal fraternity and the sporting community is a prerequisite for such a healthy interaction. National identity and the spirit of representing India must supersede political decisions. It would be highly advisable to include a former player of a game at the helm of affairs rather than a mere administrator or politician with vested interests. To check corruption, tenure caps and age restriction on office bearers of

federation must be brought in. Denial of essential facilities and exclusionary policies that are intentional for a player or a rival organization should result in the termination of the services of the administrator concerned. Misuse of authority must be severely dealt with. Salary caps on players and teams should be brought in. Practices that create a barrier for new entrants, draw out the existing players and lead to the foreclosure of a competition must not be tolerated. A greater sensitivity and legal support must be provided for women players. Perpetrators of harassment and discrimination should be severely punished. Research of excellent quality must be encouraged in the area of sports through continuing education. The area of sports law is relatively new in our country. Nevertheless, it is an area of study that is worthy of definition and in depth academic inquiry and practice. A well-planned exhaustive competition compliance programme can be of great benefit to all enterprises. A fresh perspective, an independent authority and a comprehensive law is the need of the hour.
