ESSAY WRITING COMPETITION

COMPETITION LAW IN DIGITAL SPACE

Law & Technology Society of National Law School of India University, Bengaluru
&
The Dialogue

Greetings from the Law and Technology Society!

We hope this email finds you in good health. The evolving dynamics of the internet makes it crucial to revisit the traditional antitrust frameworks & engage in more targeted policy making that is both consumer friendly & inclusive of the granular sensitivities of the ecosystem. To hear your views on these issues, we are excited to invite your contributions to our Essay Writing Competition 2021, which we are organising in collaboration with The Dialogue.

National Law School
of India University
Bengaluru

The Law and Technology Society of NLSIU, Bengaluru is a group committed to exploring the boundless contours of the intriguing interface between law and technology. The main objective of the society is to provide up-to-date learning opportunities in this field by organising a series of interesting and insightful events.

NLSIU, Bengaluru is a premier institution of legal education in India, focusing on legal and policy education, both at the undergraduate and the graduate level. It has consistently been named the best law school in India, boasting a large alumni network of academicians, researchers and lawyers and striving to pursue its objective of academic excellence through the various activities and events in which it partakes.

The Dialogue™
INFORM ENGAGE IDEATE

The Dialogue is a research-driven think-tank working on the intersection of technology, society and public policy. By facilitating informed policy debates at various levels, it aims to drive a progressive narrative in India's policy discourse.

WHAT IS THE COMPETITION WE ARE TALKING ABOUT ?

With our Essay Writing Competition 2021, we seek to encourage the participants to engage in outside the box thinking and to explore new issues related to competition law & technology policy.

For this, we cordially invite your entries on the following theme:

Revisiting traditional antitrust frameworks to cater to the evolving needs of digital markets

Under this some of the suggestive sub-themes that the students can explore includes:

- Changing business models & their impact on competition in digital space;
- Revisiting conventional definitions for targeted policy making;
- Assessing suitable merger regulations for digital markets;
- Role of competition regulators in the domain of data privacy;
- Significance of technical measures like interoperability in addressing anti-competitive effects.

Apart from outstanding opportunity to demonstrate your accomplished level of research and writing, we also promise you the following:

Expert Comments: The winning entries will be selected and commented upon by the leading cognoscenti in the field of law and technology. This will include judges, eminent lawyers, public policy experts and academicians from all over the globe.

Exciting Cash Prizes: The first, second and third entries will be awarded a cash prize of **INR 25,000, 15,000 and 10,000** respectively.

Certificate of Merit: Top ten essays will also be awarded a certificate of merit.
